

Super Slip Dry Film Graphite Lubricant

Super Slip is a heavy duty graphite based coating ideal for use in areas where conventional lubricants wash away or collect grit and dirt, becoming an abrasive. Super Slip is a greasless product engineered to greatly reduce friction and provide a non-stick coating ideal for sliding applications. Bonds to most any clean surface including metal, wood, plastic and concrete.

Customer Benefits

- **Long Lasting** – Engineered to last longer than conventional dry film lubricants
- **Greater Friction Reduction** – Unique properties reduces friction well below competitive product offerings.
- **Extended Machinery Life** – By reducing harmful abrasives from sticking and the low coefficient of friction values, equipment runs smoother and lasts longer.
- **Reduced Maintenance** – Trouble free operation of equipment and extended maintenance intervals.
- **Reduced Cost** – Super Slip lasts up to 60% longer than it's closest competition, further reducing it's already low cost.

Applications

Farm Equipment

Chutes

Auto Transport Trailers

Snow Blowers

Telescoping Booms

Lawn Equipment

Augers

Dump Trailers

Plow Blades

Construction Equipment

Specifications

Type	Coating
Lubricant	Graphite
Carrier	Miner Spirits
Consistency	Low Viscosity Fluid
AVG. PARTICAL SIZE	
Total Solids	Proprietary
Bulk Density	11Lbs./Gal.
VOC	4.9 Lbs./Gal.
Coverage	200 Sq. Ft. Per. Gal.
Temp Range	-75 to 400+ F
